

SEDGWICK COUNTY AREA EDUCATIONAL SERVICES INTERLOCAL COOPERATIVE (SCAESIC)

AT Procedures

Provision for Assistive Technology

The SCAESIC ensures that assistive technology devices or assistive technology services, or both, are made available if they are identified as part of the student's IEP. These services and/or devices may be part of the student's special education, related services or supplementary aids and services.

Procedure for Use at Home

On a case-by-case basis, the SCAESIC permits the use of SCAESIC-purchased assistive technology devices in the student's home or in other settings if the student's IEP team determines that the student needs access to those devices to receive a free and appropriate public education. In these situations, parents are liable for loss, theft or damage due to negligence or misuse of the devices.

Procedure for Transfer of Equipment

When the student is no longer eligible for special education services in the district, including moving to another school district, the assistive technology devices will be returned to the SCAESIC.
